PRESIDENT'S MESSAGE: Darrel Rennich

Darrel Rennich
MHA Board President

I hope this message finds everyone well. As we prepare for the upcoming events and activities of our association, I want to take this opportunity to express my gratitude for your dedication and commitment to the Holstein breed.

Our shared passion for Holsteins unites us, and together, we have achieved milestones that have contributed to the growth and success of our association. I encourage every one of you to continue your valuable contributions and support in promoting the Holstein breed.

MHA Mission:

“To enhance the lives and profitability of all dairy producers and enthusiasts by providing opportunities for education, marketing, recognition and socialization.”

After a summer of successful district shows and Midwest Fall National, I wish everyone the best of luck for those who plan to represent Minnesota and South Dakota at the World Dairy Expo. Keep in mind that our deadline for the Golden Gopher Futurity is in December. Please visit our website for more information.

As we move forward, I am excited about the opportunity to work together to further our goals and strengthen our Holstein community. Your active participation and involvement are crucial to our continued success, and I look forward to the positive impact we can make together. Thank you for your continued support and dedication. Let's work together to make this a successful Minnesota Holstein Association.

Hope everyone has a safe and bountiful harvest this year.

Sincerely,
Darrel Rennich, MHA President

On the Cover:

Wrapping up a summer full of meaningful and memorable show champion and handshake!

FROM THE MHA STAFF

Megan Nelson
Business Manager

Hailey Frericks
Marketing Manager

Greetings from the MHA Office!

As we turn the pages of the calendar and look towards the seasons changing, we are grateful for the busy summer behind us. June was kicked off by the Minnesota State Holstein Show in Sauk Centre, MN. We had three days of impressive shows featuring quality cattle. A token of gratitude goes out to the Stearns County Holstein Club for their hospitality during state show. Also in June, the annual MHA Field Day was hosted by Tony and Katherine Kohls. It was a beautiful day filled with educational speakers, a judging contest, and the formation of new friendships. Another highlight of our summer is attending district shows in the months of July and August. This offers us many new ways to connect with members. Without the help of

district volunteers, hosts and sponsors these shows would not be possible.

Our MHA summer intern, Kalie Ritter, was a tremendous addition to our team. She completed many projects that were assets to events that took place. We hope you will read her intern recap found on the next page.

Lastly, there are several farms and businesses who sponsored awards throughout the year. We appreciate your generosity and your support does not go unnoticed.

As always, please do not hesitate to contact us with any questions. Megan can be reached at minnesotaholstein@gmail.com or by phone at (320)-259-0637. Hailey can be reached at mnholsteinmarketing@gmail.com or by phone at (320) 249-2341.

-Megan and Hailey, MHA Staff

A NEW EXPERIENCE

WITH THE MHA

2024 MHA Summer Intern

KALIE RITTER

SOPHOMORE SOUTH DAKOTA STATE UNIVERSITY

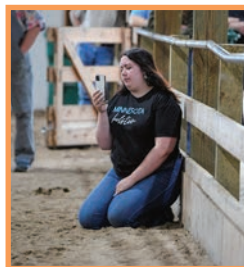

For me, this summer has been filled with many cows, road trips, cameras, and computers; all of which are things that I love! I couldn't think of a better internship for me. I am originally from Avon, Minnesota where my family owns and operates a fourth-generation, seventy cow dairy, which consists of Holsteins and Milking Shorthorns. I grew up showing dairy cattle from our farm through 4-H and fell in love with the dairy community in its entirety. I decided to continue my education at South Dakota State University where I am majoring in Agricultural Science.

Since starting my internship with the Minnesota Holstein Association, I have become more intrigued with the photography and marketing side of things. I am glad I took the leap in applying for this position, so that I could see the potential in making something like this a future career. I am blessed to have had the opportunity to work with this organization's staff, board members, and members from across the state. Everyone has been so welcoming and helpful throughout this journey.

I would have to say that my favorite part of this internship has been traveling across the state to many different shows. As a past exhibitor, I was never a part of running things behind the scenes. From recording results, being behind the lens, calculating premier breeder and exhibitor points, checking in cattle, and more, nothing was short of exhilarating. Attending

these shows also gave me the chance to meet and network with dairy producers and exhibitors, whom I have not had the chance to meet with before. This has broadened my knowledge of the dairy industry in different areas of the state which I am less familiar with. Another fun part of this experience has been getting in tune with my creative side. I got to design the State Show Junior T-Shirts, some social media content, breeder features for the publication, and help design some awards. This has added some major qualifications to my resume and professional skills.

All in all, I am extremely grateful for my time with this organization. The qualities of leadership, social skills, professionalism, problem solving skills, and creativity I have learned will be unmatched. I couldn't think of a better way to spend my summer. I look forward to continuing to see all of you in my future endeavors! Thank you again for everyone's kindness, generosity, and support.

OBITUARY: MERLYN RENNICH

Merlyn Duane Rennich was born on April 3, 1937 in Hurley, SD to Henry and Frida (Mikkelson) Rennich. Merlyn was raised and received his education in Centerville, SD; graduating from Centerville High School in 1955. Merlyn then continued his education at Southern State Teachers college in Springfield, SD graduating with a degree in auto mechanics.

Merlyn was united in marriage with Marlys Annetta Anderson on May 3, 1957 in Irene, SD. The couple lived in Sioux Falls while Merlyn worked at Marty's Mobile on 41st and Minnesota Avenue. In 1962, the couple moved to a farm near Viborg, SD where they began dairy farming and raising their seven children. Marlys and Merlyn made their home on a farm near Harrisburg in 1973 and continued dairy farming and caring for the land.

Merlyn was a charter member and helped build Shalom Lutheran Church. He was proud to serve the community as a 4-H leader for over 20 years and as a Board Member for Lincoln County Soil Conservation for over 30 years. Merlyn enjoyed traveling; especially riding his Harley Davidson motorcycle (as a member of a Harley Owners Group), boating, fishing and listening to music. Above all, he loved his family. Merlyn was a loving husband, dad, grandpa, great-grandpa, great-great grandpa, brother, uncle

and friend who will be deeply missed.

Grateful for having shared his life are his seven children, Steven (Marcia) Rennich, Harrisburg, SD, Jolene (Michael) Young, Sioux Falls, Pamela (Scott) Brown, Harrisburg, SD, Marcia (Jeff) Darner, Harrisburg, SD, Darrel (Denise) Rennich, Bruce, SD, Dennis Rennich, Larchwood, IA, and Laurie (Gregg) Koerner, Harrisburg, SD; grandchildren, David (Kari) Rennich, John (Stacy) Rennich, Rebecca (Aaron) Schoenfelder, Michael (Amanda) Rennich, Sarah (Kevin) Varilek, Ryan (Jamie) Brown, Eric (Maria) Brown, Morgan Darner, Brittany (Tanner) Dvorak, Ashley (fiancé Devon Noehring) Rennich, Bethany Rennich, Kylie Koerner and Grant Koerner; 16 great-grandchildren; one great-great grandson; three sisters, Marcene (Ron) Merritt, Renton, WA, LaDonna (Allen) Riet, Beresford, SD and Melanie (Jay) Parsons, Sioux Falls, SD; many nieces, nephews, other relatives and friends.

He is preceded in death by his wife, Marlys Rennich; daughter-in-law, Lynn Rennich; his parents, Henry and Frida Rennich; brother, Karl Rennich, sister, Juanita Rennich; and special friend, Joan Friessen.

CONGRATULATIONS

TO ALL 2024 DISTRICT SHOW BREEDERS & EXHIBITORS!

THANK YOU

TO ALL THE SHOW HOSTS, ORGANIZERS AND SPONSORS!

JUNIOR MOOS

FROM THE MJHA PRESIDENT

Alexis Hoefs
MJHA President

Hello Everyone,
Summer has truly flown by again! MJHA kicked off the show season at our State Junior Holstein Show in Sauk Centre, MN. The juniors braved the heat and exhibited 81 animals. After the show, the junior board hosted a kickball game and passed out ice cream treats.

After the state show, many juniors attended the National Holstein Convention in Salt Lake City, Utah. We had a blast exploring the beauty of the new state, testing our ninja skills, and meeting other Holstein youth from around the country. They gained new knowledge, connections, and skills that will benefit them greatly.

I want to inform everyone that our 2025 Minnesota Junior Holstein All-Breeds Convention will be March 22nd-24th in Otsego, MN. Keep this weekend open so that you don't miss out on all the wonderful activities and events we have planned. The junior board is hard at work and is extremely excited to have everyone together again!

Finally, I would like to wish all Minnesota and South Dakota juniors the best of luck this fall season! Whether you are competing in a contest or exhibiting cattle on the colored shavings, I know you will make us proud!

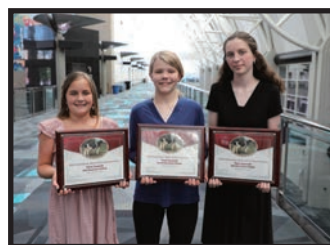

Sincerely,
Alexis Hoefs, MJHA President

OBITUARY: KARL HENDEL

Karl Joseph Hendel passed away Friday, September 6th at the age of 62. Karl was born on June 22, 1962, in Caledonia, MN, to George and Mary Jane (Huesmann) Hendel. He grew up on the family's dairy, Hendel Farms, and was a true farm kid who loved all things farming, along with dirt bikes, snowmobiles, and cars as he grew older.

Karl graduated from Caledonia High School and went on to receive a degree in Dairy Science from the University of Minnesota – Waseca. He then attended the University of Minnesota – St. Paul.

In 1990, Karl and brother, Matt, began their partnership at Hendel Farms. Karl was proud to continue the legacy of their 4th generation family farm which began in 1869. As both brothers and working partners, Karl and Matt shared both mutual respect and admiration for each other. Together, they made progressive changes to the farm and focused on their dairy herd. They received numerous awards and recognition for their farm management practices, outstanding milk quality, and elite registered Brown Swiss and Holstein herd. However, Karl was never one who liked to be the focus of attention. He remained quietly behind the scenes doing what he loved best, tending to the farm and cows.

Karl was a caring and loving brother, uncle, and friend. He was

especially proud of his nieces and nephews. As they were growing up, he was a playful uncle who loved to take them on tractor rides, four wheeling or hunting. He shared his love of the farm with them and spent many hours with them in the milking parlor. Karl was always present for their life events. He thoroughly enjoyed family gatherings and after his house was built, he was pleased to host some of the family holidays.

For more than twenty years, Karl hosted a Tuesday night gathering which he called the "Board Meeting" in the farm's upstairs breakroom. It was a casual meeting of friends, co-workers, business partners or relatives, anyone was welcome to stop in. Karl enjoyed nature and the outdoors. His trips away from the farm were usually to go snowmobiling with friends. He especially liked sledding in the UP of Michigan. We will miss Karl's quick wit and sense of humor followed by his distinct chuckle.

Karl was preceded in death by his parents, and his sister, Greta. He is survived by his sister, Katy (Dewayne) and brother, Matt (Pam), brother in law, Don; nieces and nephews, Eric (Julia), Jessie, Devin, Hannah (Brandon), Lauren, Callan and Sydney, and great-nephew, Parker. Karl is also survived by the dedicated Hendel Farms team of people who he considered family.

ONGOING SUCCESS!

Dairy cattle judging is strong at the University of Minnesota,

so strong that its teams have placed 1st overall in 12 of the 24 contests across the past 8 contests held at the All-American Dairy Show (Harrisburg, PA), the North American International Livestock Exposition (Louisville, KY), and World Dairy Expo (Madison, WI).

Also, the University of Minnesota has placed 1st or 2nd overall in 22 of the 36 contests across the past 12 held at these 3 locations. No other university comes close to this incredible record of success. In 2023, the University of Minnesota was 1st overall in the national contest at World Dairy Expo by a 53-point margin. This was the 3rd time in the past 8 contests that the University of Minnesota has placed 1st in the national contest, and no other university has placed 1st more than once in that interval of time.

If you want a career in the dairy industry, consider the University of Minnesota.

In addition to participating in our highly successful dairy judging and dairy challenge programs, you can join the Gopher Dairy Club, whose student members gain experience and industry contacts through many activities such as an all-expense-paid 10-day senior trip to California in January. Both inside and outside the classroom, our dairy professors make teaching and working with students their top priority.

AN EXPERIENCE NOT JUST AN EDUCATION

There are many benefits to a work college: You'll be starting your career with work experience, well-educated, and debt free!

- **Sales:** We host sales that give students the opportunity to see all aspects of the dairy industry.
- **Shows:** We compete in shows throughout the year to promote the hard work of our students and promote our dairy animals.
- **Trips:** We participate in several dairy trips all over the nation.
- **Teams:** As a team, we compete in Dairy Challenge, as well as other contests together.

96 EXCELLENT Cows at

Sarah Damrow

96 EX 179 VG 31 GP 110.4% BAA

It's not complicated - GREAT cow families make great offspring!

That's our focus at Joliam Holsteins. Currently, over 30 percent of the herd is scored Excellent. That's an amazing 96 Excellent cows with many promising VG first lactation cows. Better yet, we consistently ship over 105 pounds of milk per cow daily. Any day, we have several cows milking over 150 pounds.

Our breeding philosophy is simple - balance. We keep a keen eye on total milk and milk solids. That pays the bills! We back that up by breeding for beautiful udders that work and wear. Strong front ends to be competitive at the feed bunk. Terrific feet and legs for agility in freestalls. That gives us a low cull rate and cows we enjoy milking. We patiently use high-reliability sires from proven maternal lines.

Deep cow families still matter!

MSU Dairy Education Programs

ANS Dairy Concentration

- Opportunities for hands-on, practical dairy experiences
- In-depth, analytical, and integrative advanced dairy management courses
- Courses providing broad scientific and business background
- Experiential learning experiences to apply course concepts and expand dairy industry network

4 Year Application:

IAT Dairy Management Certificate

- Provides a foundation of knowledge and skills about dairy cows, dairy business, and the dairy industry
- Opportunities for hands-on, practical dairy experiences
- Courses providing basic dairy knowledge and skills
- Experiential learning experiences to apply course concepts and expand dairy industry network

2 Year Application:

Extra-Curricular Activities

Dairy Club

- Connect with other students who are passionate about the dairy industry
- Help run student and industry events
- Develop leadership skills by running for the executive board

Dairy Judging

- Build communication skills and confidence
- Travel to many dairies and other states for contests
- Strong alumni network who continues to give back to the program's success

Dairy Challenge

- Four-Time National Champions
- Network with dairy industry leaders
- Apply classroom knowledge to a real-world and practical experience, working in a team setting

MSU Dairy Education Academy November 15-16, 2024 | Michigan State University

To learn more about the opportunities in dairy at MSU, apply today for the 3rd Annual MSU Dairy Education Academy. This free event provides high school students and their families an opportunity to come to campus, meet with students and professors, visit a dairy farm, and learn about the educational opportunities the Dairy Education Programs offer. Applications close **October 10th, 2024.**

Apply Today!

NEW MSU IAT TUITION RATE

All U.S. residents now qualify for in-state tuition for all MSU Institute of Agricultural Technology programs. Out-of-State students are encouraged to apply for the MSU Dairy Academy to learn more about the IAT 2-year and 4-year dairy programs.

Joe Domecq | Dairy Education Coordinator

Competitive Teams

Dairy Challenge

UW-Madison is committed to its students receiving a “Dairy Challenge” experience. In fact, within our curriculum we offer Nutrition Experience, Dairy Herd Management Practicum, and Dairy Challenge courses. Within this coursework, students are mentored on how to analyze a commercial dairy farm and provide management recommendations to the farm ownership, honing skills that translate directly to the Dairy Challenge contest and their future careers. Our students participate competitively at the Midwest and National North American Intercollegiate Dairy Challenge competitions.

At the 2024 National Contest in California, UW was one of the four teams awarded first place. We feel the ability of our students to excel in this competitive format speaks to the quality of their education. UW team members graduate with a sophisticated knowledge of the science of dairying and the ability to effectively communicate that knowledge.

Dairy Judging

UW-Madison’s dairy judging program has a long-standing tradition of success that continues today. At the National Intercollegiate Dairy Cattle Judging Contest, UW has earned 9 first place finishes. Our coaches are highly regarded for their “cow ability” and talent to teach students about functional type and presenting winning oral reasons.

The judging team is typically comprised of around 15 students, each of whom are guaranteed to compete in a contest. In fact, a majority of team members will participate in three or four contests over their collegiate judging career. The dairy judging team competes in the fall and we send teams to the Viroqua Intercollegiate Contest (WI), Pennsylvania All-American (PA), North American (KY), Fort Worth Stock Show (TX) and World Dairy Expo (WI) contests.

GOLDEN GOPHER FUTURITY L

- TWO-YEAR OLD FUTURITY -

The Golden Gopher Futurity is sponsored and governed by the Minnesota Holstein Association. Its purpose is to stimulate interest in breeding and developing outstanding Holsteins for type regardless of individual herd size. It is open to any Minnesota breeder of Holsteins identified through Holstein Association USA, Inc.

This will be a continuing program with the 2024 competition designated as Futurity No. L. One nomination is required for each animal that competes. New this year competition will be in one category - type only. As a reminder, the Production Futurity will no longer be continued. Last applicants will be awarded in 2025. All nominations are the responsibility of the owner and must be made on regulation entry blanks, along with specified fees, postmarked by the nomination date and other rules. All money received from the nominations in the Futurity class shall make up the purse entered on the basis of their placings.

Any registered Holstein female, owned by a Minnesota Holstein Association member, and born from 9/01/23 through 8/31/24 is eligible for Golden Gopher Futurity L. One payment of \$25 shall be paid by 12/1/24.

A breeder may nominate any number of females in the type futurity. Nominations must be postmarked no later than the due date.

TYPE FUTURITY

Animals nominated will be shown in a special two-year old futurity class at the Minnesota State Show, in 2026, winners and awards to be based on the placing at that show. Showing in this class does not eliminate her from showing in the All-Minnesota two-year old classes. All rules and regulations of the show are to be adhered to. Placings will be made by an official show judge. The purse shall consist of all money received by nomination fees, less the expenses for its promotion and management. All money will be kept in a special fund and used only for futurity purposes. Money received for L nominations will only be used for animals entered in that class. The money in this class will be divided among placings as follow:

First Place - 15%; 2nd Place - 10%; 3rd Place - 8%; 4th Place - 6%; 5th Place 5%; 6-10 Placings - 4%; 11-15 Placings - 3%; 16-25 Placings - 2%. Remaining 1% to be used for administration fees.

If fewer than 25 animals are competing, the remainder will be divided equally among the entries.

All nomination fees are committed to the purse. No refunds will be made whether an animal completes or eligibility is discontinued.

Any animal sold after being nominated will remain eligible if the new owner is a Minnesota Holstein member.

The Minnesota Holstein Association is sponsoring and governing the futurity and will not be responsible for any accident or injury in connection with the show.

HOW TO ENTER:

- Look at your animals that were born between September 1, 2023 and August 31, 2024.
- Choose any animal that you believe has the potential of doing well in their class.
- **Submit the form below along with payment prior to December 1, 2024.**

UDDERLY UTAH

2024 NATIONAL HOLSTEIN CONVENTION RECAP

Written By Kalie Ritter

The 2024 National Holstein Convention was held on June 24-27, in Salt Lake City, Utah. This year's theme was "Udderly Utah" and drew in over 700 attendees from across the United States, Mexico, Puerto Rico, and Canada. Minnesota had a group of junior members attend the convention and compete throughout its duration. This group included: Monika Frericks, Daphne Frericks, Ella Lahr, Izzy Lahr, Allison Ratka, Mady Hoefs, Alexis Hoefs, and Shelby Swanson. These juniors were also accompanied by their families who were also able to enjoy all of the things that the National Holstein Convention offers. Most of our juniors were able to compete in a competition or activity during their time at the

convention as well. Ella Lahr, Izzy Lahr, Allison Ratka, and Mady Hoefs competed in Dairy Quiz Bowl. Alexis Hoefs and Shelby Swanson both prepared speeches to present. Monika and Daphne Frericks competed in the Junior Dairy Jeopardy contest where Daphne placed second! Daphne said "my favorite part of the convention was the jeopardy contest. It was pretty cool to take second place in a national contest. I would recommend attending because it's a great experience." Attendees were additionally able to listen to speakers in interactive seminars, attend workshops, and go to various casual events while interacting with other Holstein enthusiasts from all over.

NEW! SPECIAL MHA EVENT

This past year the Breeds Activities committee brought back the treasured and time honored tradition of the Bus Tour! Holstein enthusiasts both young and experienced boarded a bus on a frigidly cold Minnesota winter morning to see what breeders in Wisconsin and Iowa had to offer! It was successful trip filled with wonderful farm visits, and ample socializing! We would like to extend a thank you to our host farms and a special thank you to Tracy Schaefer for helping organize this event and line up the tour stops.

The Breed Activities committee hopes to make this a biannual event which leads to some exciting news to share!

In place of the 2025 bus tour, Minnesota will be running its inaugural take of a "Breeders Cup!" This will be a virtual contest where you send in entries of your favorite cow or cows and compete for prizes. Winners will be announced at All Breeds Convention during the awards banquet. Be sure to look for complete details about this in our December publication!

Best of Luck

**TO ALL MHA MEMBERS
