

MINNESOTA JUNIOR ALL-BREEDS CONVENTION LONG RANGE PRODUCTION AWARD

Requirements:

1. The animal entered for the award must have been a Junior Breed Association member's project (may include managerial projects). Please include documentation of managerial projects, i.e. copy of one of the following: 4-H record, FFA record, Jr. Breed Association Record Book.
2. Only production records made during the actual time that the animal was a Junior Breed Association member's project may be credited toward the lifetime production of the cow, which is under consideration for the award.
3. One award will be given in each production class per animal. If the animal is still in the same production class the following year, no award will be given.
4. An animal must have reached the 50,000 lbs. of milk to be entered. Recognition is given for 50,000 lbs., 100,000 lbs., and 200,000 lbs. of lifetime milk, as well as Top Lifetime Production. Awards to be designated by the Junior Holstein Programs Committee.
5. Types of sampling approved are supervised DHI. Testing deadline December 31st, 2017.
6. The awards will be given to registered and grade animals.
7. All entries must be submitted to the MHA Office by the deadline of February 15th, 2018.
8. All records will be subject to approval and verification by the Junior Advisory Committee.
9. All awards will be presented at the annual Junior All-Breeds convention.
10. Any person applying for any production recognition must be a current member of the MJHA.
11. Please enclose copy of both sides of individual Cow Page.
12. Duplicate forms as needed to enter additional animals.
